

Woodrow Wilson Fellows—Nobel Laureates

last updated January 2014

Visit <http://woodrow.org/about/fellows/> to learn more about our Fellows.

George A. Akerlof

Co-recipient of the 2001 Nobel Prize in Economics
“for analyses of markets with asymmetric information”
Koshland Professor of Economics • The University of California at Berkeley
1962 Woodrow Wilson Fellow

Gary S. Becker

Recipient of the 1992 Nobel Prize in Economics
“for having extended the domain of microeconomic analysis”
University Professor, Department of Economics and Sociology and
Professor, Graduate School of Business • The University of Chicago
1951 Woodrow Wilson Fellow

Steven Chu

Co-recipient of the 1997 Nobel Prize in Physics (with William D. Phillips, below)
“for development of methods to cool and trap atoms with laser light”
Director, Lawrence Berkeley National Laboratory • The University of California at Berkeley
1970 Woodrow Wilson Fellow

James J. Heckman

Co-recipient of the 2000 Nobel Prize in Economics
“for his development of theory and methods for analyzing selective samples”
Henry Schultz Distinguished Service Professor of Economics • The University of Chicago
1965 Woodrow Wilson Fellow

Road Hoffman

Co-recipient of the 1981 Nobel Prize in Chemistry
“for his theory concerning the course of chemical reactions”
Frank H.T. Rhodes Professor in Humane Letters, Department of Chemistry
and Chemical Biology • Cornell University
1958 Woodrow Wilson Fellow

H. Robert Horvitz

Co-recipient of the 2002 Nobel Prize in Physiology or Medicine
“for discoveries concerning ‘genetic regulation of organ development and programmed cell death’ ”
Professor of Biology/Member, McGovern Institute for Brain Research • Massachusetts Institute of
Technology
1968 Woodrow Wilson Fellow

Roger D. Kornberg

Recipient of the 2006 Nobel Prize in Chemistry
“for studies of the molecular basis of eukaryotic transcription”
Mrs. George A. Winzer Professor in Medicine • Stanford University School of Medicine
1967 Woodrow Wilson Fellow

Robert E. Lucas, Jr.

Recipient of the 1995 Nobel Prize in Economics
“for having developed and applied the hypothesis of rational expectations”
John Dewey Distinguished Service Professor of Economics • The University of Chicago
1967 Woodrow Wilson Fellow

John C. Mather

Co-recipient of the 2006 Nobel Prize in Physics
“for discovery of the blackbody form and anisotropy
of the cosmic microwave background radiation”
Senior Project Scientist • NASA Goddard Space Flight Center
1968 Woodrow Wilson Fellow

William D. Phillips

Co-recipient of the 1997 Nobel Prize in Physics (with Steven Chu, above)
“for development of methods to cool and trap atoms with laser light”
Fellow • National Institute of Standards and Technology
1970 Woodrow Wilson Fellow

H. David Politzer

Co-recipient of the 2004 Nobel Prize in Physics
“for the discovery of asymptotic freedom in the theory of the strong interaction”
Professor of Physics • California Institute of Technology
1969 Woodrow Wilson Fellow

Thomas J. Sargent

Co-recipient of the 2011 Nobel Prize in Economics
“for empirical research on cause and effect in the macroeconomy”
W.R. Berkley Professor of Economics • New York University
1964 Woodrow Wilson Fellow (Hon.)

Joseph H. Taylor, Jr.

Co-recipient of the 1993 Nobel Prize in Physics
“for the discovery of a new type of pulsar”
Dean of the Faculty/James S. McDonnell Distinguished Professor of Physics • Princeton University
1963 Woodrow Wilson Fellow

Harold E. Varmus

Co-recipient of the 1993 Nobel Prize in Physiology or Medicine
“for the discovery of the cellular origin of retroviral oncogenes”
President and Chief Executive Officer • The Memorial Sloan-Kettering Cancer Center
1961 Woodrow Wilson Fellow
